

BAUMA 2016 | Munich, Germany

We are excited to present our latest innovations in smart concrete testing at the upcoming Bauma 2016 to be held in Munich, Germany from April 11th to 17th. Please visit Giatec technologies at **Booth C1-426** in partnership with UTEST Material Testing Equipments to get a hands-on experience with the new wireless mobile-based sensor for concrete temperature/maturity monitoring, SmartRock, and the connection-less corrosion rate measurement device, iCOR.

We are also running a special limited-time promotion of **20% discount** on all our concrete testing devices and sensors on orders placed at the Bauma show. Please print and bring [this coupon](#) with you at the show to receive the special promotion.

You can also register for the **free technical training** on concrete NDT technologies [here](#).
