

Date: March 15 - March 17, 2017

Location: Le Westin Montreal, Montreal, Quebec

The International Concrete Repair Institute (ICRI), the only association in the concrete industry devoted solely to repair and restoration, will be holding this year's convention in Montreal Quebec with a focus on bridges and highways. The mission of the International Concrete Repair Institute is to be a leading resource for education and information to improve the quality of repair, restoration, and protection of concrete and other structures in accordance with consensus criteria.
