

It is with great pleasure to let you know that we just released the Concrete Hub educational mobile app.

Concrete Hub is a smart mobile app designed to offer a beautifully categorized collection of the latest construction industry updates, useful concrete tools (such as concrete calculator), smart dictionary, standards and guidelines, and educational materials and videos for Civil Engineering professionals, academics, researchers, and students.

You can download this free app from the following links for Android and iOS smartphones and tablets:

Android: <https://play.google.com/store/apps/details?id=com.giatec.concretehub>

iOS: <https://itunes.apple.com/us/app/concrete-hub/id1077886658?ls=1&mt=8>
