

Mayor Jim Watson visited Giatec's booth at the launch of the Invest Ottawa facility on Feb. 21, 2012. The Mayor discussed about the advantages of implementing Giatec's technologies for various municipal infrastructure applications. "We should get these devices in the hands of our engineers" The Mayor said. Invest Ottawa is an incubation facility that provides a great opportunity for entrepreneurs to have access to business and marketing expertise through a large network of past successful entrepreneurs.
