

WORLD OF CONCRETE 2016 | LAS VEGAS

We are excited to present our latest innovations in smart concrete testing at the upcoming World of Concrete 2016 to be held in Las Vegas from February 2nd to 5th. Please visit Giatec Booth #S13417 in the South Hall to get a hands-on experience with the new wireless mobile-based sensor for concrete temperature/maturity monitoring, SmartRock, and the connection-less corrosion rate measurement device, iCOR.

We are also running a special limited time promotion on all our concrete testing devices and sensors at the World of Concrete show. Please present the following coupon in our booth to receive 20% off your entire purchase.
