

Internship Opportunity Sales, Marketing and Business Development

We are looking for young, passionate and career driven students to gain experience in a fast-paced environment. Giatec sees value in investing in youth offering hands-on experience with hands on training in an international marketplace. As a company operating as a Scale-up but experiencing consistent growth in the industry, tasks of day-to-day operations will be essential, however, we are also looking for students who share our long-term vision for the company. Students who add value to the company will be considered for full-time opportunities

Tasks will include, but not be limited to:

- Lead Generation
- Business Development Research
- Meeting and building relations with customers and partners
- Various administration tasks
- Customer support and feedback
- Supporting the full-time sales/marketing staff with day-to-day tasks
- Content creation
- International experience

Qualifications:

- Completed or in the process of completing post-secondary education
- Fluent in English
- Interest in Entrepreneurship
- Strong communication skills

Assets:

- Fluency in second languages
- Knowledge of construction industry
- Sales and marketing experience

Hours will be part-time to begin and very flexible. If interested, please send your resume and cover letter to careers@giatecscientific.com
